

INDEX OF AUTHORS TO VOLUME 77

- Adams, J. E.**, see Evans, T. W.
Agarwal, M. C., see Narang, R. K.
Allan, W. G. L., see Lam, K. K.
Allen, Stephen C., see Leahy, Bernard C.
Andersen, Per Kragh, see Bundgaard, Allan
Anderson, John M., see Clee, Martin D.
Arnold, A. G., Lane, D. J. & Zapata, E., Acute severe asthma: factors that influence hospital referral by the general practitioner and self-referral by the patient, 51
Arnold, A. G., Lane, D. J. & Zapata, E., Current therapeutic practice in the management of acute severe asthma, 123
Ayres, Jon G. & Clark, T. J. H., Alcoholic drinks and asthma: a survey, 370
- Batten, J. C.**, see Hodson, Margaret E.
Batten, J. C., see Penketh, A. R. L.
Behera, D., see Malik, S. K.
Benfield, G. F. A. & Smith, A. P., Predicting rapid and slow response to treatment in acute severe asthma, 249
Berkin, K. E., see Dorward, A. J.
Bihari, K., see Narang, R. K.
Bloch, Inge, see Bundgaard, Allan
Borum, P., see Kirkegaard, J.
Brennan, S. R., see Jones, R. M.
Brown, C. B., see Evans, T. W.
Brown, D., see Carroll, K. B.
Bundgaard, Allan, Ingemann-Hansen, Thorsten, Halkjaer-Kristensen, Jens, Schmidt, Anders, Bloch, Inge & Andersen, Per Kragh, Short-term physical training in bronchial asthma, 147
Buxton-Thomas, M., see Wright, P. H.
- Calverley, P. M. A., Catterall, J. R., Shapiro, C. & Douglas, N. J.**, Cor pulmonale in asthma, 303
Campbell, D. B., see Stanley, N. N.
Carlile, A. & Edwards, C., Structural variation in the named bronchi of the left lung. A morphometric study, 344
Carmichael, J., see Fergusson, R. J.
Carroll, K. B., Moussalli, H., Brown, D. & Thatcher, N., A comparison between a single agent short course chemotherapy regimen and a quadruple prolonged course regimen for small-cell bronchogenic carcinoma of limited extent, 171
- Catterall, J. R.**, see Calverley, P. M. A.
Chatterjee, S. S., see Sahay, J. N.
Clark, Ronald A., see Clee, Martin D.
Clark, T. J. H., see Ayres, Jon G.
Clark, T. J. H., see Rees, P. J.
Clee, Martin D., Anderson, John M. & Johnston, R. N., Clinical aspects of tracheo-bronchopathia osteochondroplastica, 308
Clee, Martin D. & Duguid, Helen L. D., Retained secretions in the bronchoscope: a source of material for cytology, 91
Clee, Martin D., Lamb, David & Clark, Roland, A., Bronchocentric granulomatosis: a review and thoughts on pathogenesis, 227
Collins, M., see Evans, T. W.
Cook, P. J. L., see Hutchison, D. C. S.
Cook, P. J. L., see Tobin, M. J.
Cooke, Nigel J., see Wardman, Andrew G.
Couch, A. H. C., see Hart, G. J.
Crompton, G. K., see Fergusson, R. J.
Crompton, Graham K., see Wardman, Andrew G.
- Darke, C., Wagner, M. M. F., Nuki, G. & Dyer, P. A.**, HLA-A, B and DR antigens and properdin factor B allotypes in Caplan's syndrome, 235
Denison, D. M., The graver side of gravity, 105
Denison, D. M., du Bois, R. & Sawicka, Elizabeth, Pictures in the mind, 35
Dorward, A. J., Berkin, K. E., Elliott, J. A. & Stack, B. H. R., A double-blind controlled study comparing temazepam with papaveretum as premedication for fiberoptic bronchoscopy, 60
Douglas, N. J., see Calverley, P. M. A.
Drummond, H. E., see Turton, C. W. G.
du Bois, R., see Denison, D. M.
Duguid, Helen L. D., see Clee, Martin D.
Dyer, P. A., see Darke, C.
- Edgcumbe, J. O. P.**, see Turton, C. W. G.
Edwards, C., see Carlile, A.
Eiser, Noemi M., see White, Janine
Elliott, J. A., Severe airways obstruction as a presenting feature of pulmonary histiocytosis-X: a case report, 299
Elliott, J. A., see Dorward, A. J.

SUBJECT INDEX TO VOLUME 77

- Airways obstruction
 severe, as a presenting feature of pulmonary histiocytosis-X, 299
 treatment with slow release theophylline, 293
- Alcoholic drinks and asthma, 370
- Allotypes, properdin factor B, in Caplan's syndrome, 235
- Almitrine, oral, and increased respiratory chemo sensitivity, 136
- Alpha₁ antitrypsin deficiency
 clinical and physiological features, 14, 28
 in heterozygotes of Pi type SZ, 28
 in subjects homozygous for Pi type Z, 14
- Antibodies
 food, in farmer's lung, 397
 reticulins, in farmer's lung, 397
- Antigens
 HLA-A in Caplan's syndrome, 235
 HLA-B in Caplan's syndrome, 235
 HLA-DR in Caplan's syndrome, 235
- Antitussive effects, assessment by citric acid threshold, 94
- Aspergillosis, invasive, following post-influenza pneumonia, 407
- Aspirin-like drugs, effect on asthma, 153
- Asthma
 acute, comparison of nebulized salbutamol with nebulized ipratropium bromide, 159
 acute severe, 51, 123, 249
 current therapeutic practice, 123
 factors influencing hospital referral by GP, 51
 factors influencing self-referral, 51
 management, 123
 predicting response to treatment, 249
 and alcoholic drinks, 370
 bronchial, and short-term physical training, 147
 and cor pulmonale, 303
 effect of aspirin-like drugs, 153
 exercise-induced, 78, 262
 inhibition by an orally absorbed mast cell stabilizer, 78
 protection with inhaled reproterol, 262
 protection with inhaled salbutamol, 262
 life-threatening, use of nebulized salbutamol, 255
 pathogenesis, role of histamine, 215
- Bronchial asthma and short-term physical training, 147
- Bronchocentric granulomatosis, review and thoughts on pathogenesis, 227
- Bronchoconstriction, exercise-induced, bronchodilator effects of disodium cromoglycate, 362
- Bronchodilator effects of disodium cromoglycate, 362
- Bronchography, unusual pulmonary reactions to oily propylidone, 98
- Bronchopulmonary infection
 treatment in cystic fibrosis, 179
 comparison of ticarcillin and carbenicillin, 179
- Bronchoscope, use of retained secretions for cytology, 91
- Bronchoscopy, fiberoptic
 premedication with papaveretum, 60
 premedication with temazepam, 60
- Calcification, pulmonary, in a renal transplant recipient, 202
- Caplan's syndrome, 235
 HLA-A antigens, 235
 HLA-B antigens, 235
 HLA-DR antigens, 235
 properdin factor B allotypes in, 235
- Carbenicillin, 71, 179
 comparison with ticarcillin in treatment of bronchopulmonary infection in cystic fibrosis, 179
 and gentamicin, comparison with carbenicillin and tobramycin, 71
 and tobramycin, comparison with carbenicillin and gentamicin, 71
- Carcinoma, 171, 381
 small-cell bronchogenic, comparison of two treatment regimens, 171
 small-cell lung, survival after combination chemotherapy, radiotherapy or symptomatic treatment, 381
- Chemotherapy, 171, 381
 combination, in treatment of small-cell lung carcinoma, 381
 quadruple prolonged course versus single agent short course regimen for small-cell bronchogenic carcinoma, 171
 single agent short course versus quadruple prolonged course regimen for small-cell bronchogenic carcinoma, 171
- Biopsy, TruCut needle, in sarcoidosis, 243
- Bronchi in left lung, structural variation, 344

- Chlorpheniramine, bronchodilator effect in wheezy school-children, 270
- Chlorpheniramine maleate
as inhibitor of histamine-induced nasal symptoms, 113
topical effect, 113
- Chronic airflow obstruction, response to oral corticosteroids, 189
- Chronic obstructive lung disease and reverse smoking, 199
- Citric acid threshold to assess antitussive effects, 94
- Clemastine, bronchodilator effect in wheezy school-children, 270
- Coeliac disease, association with farmer's lung, 397
- Cor pulmonale in asthma, 303
- Corticosteroids, oral, response in chronic airflow obstruction, 189
- Cystic fibrosis, 71, 179
comparison of ticarcillin and carbenicillin in treatment of bronchopulmonary infection, 179
and treatment of bronchopulmonary infection, 179
treatment of infection with *Ps. aeruginosa*, 71
use of gentamicin and carbenicillin to treat infection with *Ps. aeruginosa*, 71
use of tobramycin and carbenicillin to treat infection with *Ps. aeruginosa*, 71
- Cytology, from retained secretions in the bronchoscope, 91
- Diabetes mellitus, effect on presentation of infiltrative pulmonary tuberculosis in immigrant Asians of a UK inner city area, 87
- Dionosil (oily propylidone), unusual pulmonary reactions in bronchography, 98
- Disease
coeliac, 282, 397
hypertensive pulmonary vascular, 1
pulmonary, distribution in patients with and without coeliac disease, 282
- Disodium cromoglycate, bronchodilator effects in exercise-induced bronchoconstriction, 362
- Does the lung work?
The graver side of gravity, 105
Pictures in the mind, 35
- Electron microscopy of hypertensive pulmonary vascular disease, 1
- Ethambutol-induced hyperuricaemia, 403
- Farmer's lung, association with coeliac disease, 397
- Forced expiratory volume, predictive nomograms for Chinese adults and children, 390
- Forced vital capacity, predictive nomograms for Chinese adults and children, 390
- Gentamicin and carbenicillin, as treatment of infection with *Ps. Aeruginosa*, 71
- Granulomatosis, bronchocentric, thoughts on pathogenesis, 227
- H₁-receptor antagonists
bronchodilator effect in wheezy school-children, 270
chlorpheniramine, 270
clemastine, 270
- Haemosiderosis,
adult idiopathic pulmonary, comparison in patients with and without coeliac disease, 282
- Histamine, role in pathogenesis of asthma, 215
- Histamine receptors, role in pathogenesis of asthma, 215
- Histiocytosis-X, pulmonary, and severe airways obstruction, 299
- Hyperuricaemia induced by ethambutol, 403
- Inhalation from residual volume, importance in pressurized aerosol inhaler technique, 276
- Inspiratory flow rate, importance in pressurized aerosol inhaler technique, 276
- IPPB, use in life-threatening asthma, 255
- Ipratropium bromide, nebulized, comparison with nebulized salbutamol in acute asthma, 159
- Left lung, structural variation of bronchi, 344
- Lung disease
chronic obstructive, and reverse smoking, 199
occupational, and Ramazzini's *De Morbis Artificum*, 349
- Lung function, changes in patients with and without coeliac disease, 282
- Malignant mesothelioma, review, 321
- Mask, new nasal oxygen, 376
- Mast cell stabilizer, orally absorbed, as inhibitor of exercise-induced asthma, 78
- Mesothelioma, malignant, 321

- Nasal oxygen mask, 376
- Nasal symptoms, histamine-induced, inhibition by chlorpheniramine maleate, 113
- NK cell activity in pulmonary tuberculosis, 185
- Oily propylidone (Dionosil), unusual pulmonary reactions in bronchography, 98
- Papaveretum, comparison with temazepam, 60
- Peak expiratory flow rate, predictive nomograms for Chinese adults and children, 390
- Physical training, short-term, in bronchial asthma, 147
- Pictures in the mind, 35
- Pneumonia, post-influenzal, and invasive aspergillosis, 407
- Pneumothorax, spontaneous, in Norfolk, 164
- Predictive nomograms for FEV, FVC and PEFR in Chinese adults and children, 390
- Pressurized aerosol inhaler technique
- inhalation from residual volume, 276
 - inspiratory flow rate, 276
 - time interval between puffs, 276
- Pseudomonas aeruginosa*
- infection in adults with cystic fibrosis, 71
 - treatment, 71
- Pulmonary calcification in a renal transplant recipient, 202
- Pulmonary reactions to oily propylidone in bronchography, 98
- Radiotherapy in treatment of small-cell lung carcinoma, 381
- Ramazzini's *De Morbis Artificum* and occupational lung disease, 349
- Red cell folate levels in farmer's lung, 397
- Renal transplant recipient, pulmonary calcification, 202
- Reproterol, inhaled, comparison with salbutamol in exercise-induced asthma, 262
- Respiratory chemosensitivity, effect of oral almitrine in healthy man, 136
- Reverse smoking and chronic obstructive lung disease, 199
- Salbutamol, 66, 159, 255, 262
- inhaled
 - comparison with inhaled reproterol in exercise-induced asthma, 262
 - and sustained-release theophylline in asthma patients, 66
- nebulized
 - comparison with nebulized ipratropium bromide in acute asthma, 159
 - use in life-threatening asthma, 255
- Sarcoidosis and TruCut needle biopsy, 243
- Secretions in the bronchoscope, source of cytology material, 91
- Spontaneous pneumothorax in Norfolk, 164
- Temazepam, comparison with papaveretum, 60
- The graver side of gravity, 105
- Theophylline
- slow release, in patients with airways obstruction, 293
 - sustained release with inhaled salbutamol, effect in asthma patients, 66
- Ticaracillin, comparison with carbenicillin in treatment of bronchopulmonary infection in cystic fibrosis, 179
- Time interval between puffs, importance in pressurized aerosol inhaler technique, 276
- Tobramycin and carbenicillin
- comparison with gentamicin and carbenicillin, 71
 - as treatment of infection with *Ps. aeruginosa*, 71
- Tracheobronchopathia osteochondroplastica, clinical aspects, 308
- Treatment, symptomatic, of small-cell lung carcinoma, 381
- TruCut needle biopsy in sarcoidosis, 243
- Tuberculosis
- infiltrative pulmonary, effect of established diabetes mellitus in immigrant Asians of a UK inner city area, 87
 - pulmonary, and NK cell activity, 185
- Vascular disease, hypertensive pulmonary, electron microscopy of, 1

1983

VOL. 77

British Journal of Diseases of the Chest

EDITOR
J. E. STARK

EDITORIAL BOARD

L. H. Capel

T. J. H. Clark

D. M. Denison

D. Lamb

M. Turner-Warwick

**Published Quarterly by
Baillière Tindall · London
in association with
The British Thoracic Society**

CONTENTS

Review Articles

- The role of histamine and its receptors in the pathogenesis of asthma *by Janine White and Noemi M. Eiser* 215
- Malignant mesothelioma 1982: review of 4710 published cases *by Gunnar Hillerdal* 321
- Ramazzini's *De Morbis Artificum* and occupational lung disease *by Alex Sakula* 349

Does the Lung Work?

- 6, Pictures in the mind *by D. M. Denison, R. du Bois and Elizabeth Sawicka* 35
- 7, The graver side of gravity *by D. M. Denison* 105

General Articles

- Electron microscopy of hypertensive pulmonary vascular disease *by Donald Heath and Paul Smith* 1
- Alpha₁ antitrypsin deficiency: the clinical and physiological features of pulmonary emphysema in subjects homozygous for Pi type Z *by M. J. Tobin, P. J. L. Cook and D. C. S. Hutchison* 14
- Alpha₁ antitrypsin deficiency: clinical and physiological features in heterozygotes of Pi type SZ *by D. C. S. Hutchison, M. J. Tobin and P. J. L. Cook* 28
- Acute severe asthma: factors that influence hospital referral by the general practitioner and self-referral by the patient *by A. G. Arnold, D. J. Lane and E. Zapata* 51
- A double-blind controlled study comparing temazepam with papaveretum as pre-medication for fiberoptic bronchoscopy *by A. J. Dorward, K. E. Berkin, J. A. Elliott and B. H. R. Stack* 60
- A 21-day double-blind study of the effect of adding sustained-release theophylline (Nuelin SA) to inhaled salbutamol in patients with asthma *by J. N. Sahay and S. S. Chatterjee* 66
- Tobramycin and carbenicillin compared with gentamicin and carbenicillin in the treatment of infection with *Pseudomonas aeruginosa* in adult patients with cystic fibrosis *by Margaret E. Hodson, H. J. Wingfield and J. C. Batten* 71
- Inhibition of exercise-induced asthma by an orally absorbed mast cell stabilizer (M & B 22, 948) *by Robin M. Rudd, Andrew R. Gellert, Peter R. Studdy and D. M. Geddes* 78
- The effect of established diabetes mellitus on the presentation of infiltrative pulmonary tuberculosis in the immigrant Asian community of an inner city area of the United Kingdom *by Michael Hendy and David Stableforth* 87
- Unusual pulmonary reactions to oily propylidone (Dionosil) in bronchography *by Andrew G. Wardman, Richard F. Willey, Nigel J. Cooke, Graham K. Crompton and Ian W. B. Grant* 98
- Inhibition of histamine-induced nasal symptoms by the H₁ antihistamine chlorpheniramine maleate: Demonstration of topical effect *by J. Kirkegaard, C. Secher, P. Borum and N. Mygind* 113
- Current therapeutic practice in the management of acute severe asthma *by A. G. Arnold, D. J. Lane and E. Zapata* 123

Increased respiratory chemosensitivity induced by oral almitrine in healthy man <i>by N. N. Stanley, J. M. Galloway, K. C. Flint and D. B. Campbell</i>	136
Short-term physical training in bronchial asthma <i>by Allan Bundgaard, Thorsten Ingemann-Hansen, Jens Halkjaer-Kristensen, Anders Schmidt, Inge Bloch and Per Kragh Andersen</i>	147
Asthma improved by aspirin-like drugs <i>by Andrew Szczeklik and Ewa Niżankowska</i>	153
Comparison of nebulized salbutamol with nebulized ipratropium bromide in acute asthma <i>by Bernard C. Leahy, Stephanie A. Gomm and Stephen C. Allen</i>	159
Spontaneous pneumothorax in Norfolk <i>by G. J. Hart, T. C. Stokes and A. H. C. Couch</i>	164
A comparison between a single agent short course chemotherapy regimen and a quadruple prolonged course regimen for small-cell bronchogenic carcinoma of limited extent <i>by K. B. Carroll, H. Moussalli, D. Brown and N. Thatcher</i>	171
Ticarcillin compared with carbenicillin in the treatment of exacerbations of bronchopulmonary infection in cystic fibrosis <i>by A. R. L. Penketh, Margaret E. Hodson and J. C. Batten</i>	179
NK cell activity in pulmonary tuberculosis <i>by Takahiro Yoneda, Masataka Kasai, Junko Ishibashi, Kiyoshi Nishikawa, Tohru Tokunaga and Riichiro Mikami</i>	185
Response to oral corticosteroids in chronic airflow obstruction <i>by Wah Kit Lam, Shun Yang So and Donald Y. C. Yu</i>	189
Pulmonary calcification in a renal transplant recipient <i>by T. W. Evans, M. Collins, J. E. Adams, P. Howard, M. Fox, M. M. Platts and C. B. Brown</i>	202
Bronchocentric granulomatosis: a review and thoughts on pathogenesis <i>by Martin D. Clee, David Lamb and Roland A. Clark</i>	227
HLA-A, B and DR antigens and properdin factor B allotypes in Caplan's syndrome <i>by C. Darke, M. M. F. Wagner, G. Nuki and P. A. Dyer</i>	235
TruCut needle biopsy in sarcoidosis. Relationship between histology of the biopsy specimens and radiographic features and pulmonary function <i>by P. Tukiainen, E. Taskinen, O. Korhola, M. Valle and P. Maasilta</i>	243
Predicting rapid and slow response to treatment in acute severe asthma <i>by G. F. A. Benfield and A. P. Smith</i>	249
Nebulized salbutamol in life-threatening asthma: is IPPB necessary? <i>by R. J. Fergusson, J. Carmichael, P. Rafferty, R. F. Willey, G. K. Crompton and I. W. B. Grant</i>	255
The duration of protection from exercise-induced asthma by inhaled salbutamol, and a comparison with inhaled reproterol <i>by C. M. B. Higgs and G. Laszlo</i>	262
Bronchodilator effect of two inhaled H ₁ -receptor antagonists, clemastine and chlorpheniramine, in wheezy school-children <i>by I. G. C. Hodges, A. D. Milner and G. M. Stokes</i>	270
Pressurized aerosol inhaler technique: how important are inhalation from residual volume, inspiratory flow rate and the time interval between puffs? <i>by P. Lawford and D. McKenzie</i>	276
Adult idiopathic pulmonary haemosiderosis: a comparison of lung function changes and the distribution of pulmonary disease in patients with and without coeliac disease <i>by P. H. Wright, M. Buxton-Thomas, P. W. N. Keeling and L. Kreell</i>	282
Slow release theophylline in patients with airways obstruction with particular reference to the effects of food upon serum levels <i>by P. J. Thompson, M. W. Kemp, W. A. C. McAllister and M. Turner-Warwick</i>	293

Severe airways obstruction as a presenting feature of pulmonary histiocytosis-X: a case report <i>by J. A. Elliott</i>	299
Cor pulmonale in asthma <i>by P. M. A. Calverley, J. R. Catterall, C. Shapiro and N. J. Douglas</i>	303
Clinical aspects of tracheobronchopathia osteochondroplastica <i>by Martin D. Clee, John M. Anderson and R. N. Johnston</i>	308
Structural variation in the named bronchi of the left lung. A morphometric study <i>by A. Carlile and C. Edwards</i>	344
Bronchodilator effects of disodium cromoglycate in exercise-induced bronchoconstriction <i>by R. M. Jones, C. R. Horn, D. V. Lee and S. R. Brennan</i>	362
Alcoholic drinks and asthma: a survey <i>by Jon G. Ayres and T. J. H. Clark</i>	370
A new nasal oxygen mask <i>by J. E. Harvey, B. J. Schlecht, L. J. Grant, C. R. Tottle and A. R. Tanzer</i>	376
Small-cell lung carcinoma: survival after combination chemotherapy, radiotherapy or symptomatic treatment <i>by M. L. Slevin, V. J. Harvey, B. A. J. Ponder, S. Messina, R. C. Stuart-Harris, T. A. Lister, J. S. Malpas and P. F. M. Wrigley</i>	381
Predictive nomograms for forced expiratory volume, forced vital capacity, and peak expiratory flow rate, in Chinese adults and children <i>by K. K. Lam, S. C. Pang, W. G. L. Allan, L. E. Hill, N. J. C. Snell, P. M. Fayers, A. J. Nunn and F. J. Prime</i>	390
Red cell folate levels, food antibodies and reticulin antibodies in farmer's lung - is there an association with coeliac disease? <i>by C. W. G. Turton, M. Turner-Warwick, R. Owens, J. O. P. Edgcumbe, H. E. Drummond, A. Ferguson and C. L. Scott-Morgan</i>	397
Hyperuricaemia induced by ethambutol <i>by R. K. Narang, M. C. Agarwal, A. K. Raina, S. N. Singh, K. Bihari and S. N. Sharma</i>	403
Invasive aspergillosis following post-influenzal pneumonia <i>by C. R. Horn, N. C. Wood J. A. Hughes</i>	407
<i>Short Communications</i>	
Retained secretions in the bronchoscope: a source of material for cytology <i>by Martin D. Clee and Helen L. D. Duguid</i>	91
Assessment of antitussive effects by citric acid threshold <i>by P. J. Rees and T. J. H. Clark</i>	94
Reverse smoking and chronic obstructive lung disease <i>by S. K. Malik, D. Behera and S. K. Jindal</i>	199
<i>Book Reviews</i>	104, 206, 315, 411
<i>Books Received</i>	320, 417
<i>British Thoracic Society</i>	122, 389
